## Wandahome Knottingley appoint Bailey as their latest caravan manufacturer

Following an absence of 18 years, we are very pleased to announce the long awaited return of Bailey caravans to Wandahome Knottingley.

We aim to incorporate the new season Bailey caravans into our already established caravan ranges from both Eddis and Coachman.

By adding the Bailey brand to our repertoire we look forward to being the market leaders in offering our customers the very best in design, innovation and price.

A planned launch of the new 2012 Bailey range is scheduled for September with a full range of the new season demonstrators arriving on site during August and September and for further information updates you can visit our website at:

## MASSIVE SAVINGS ON A WIDE RANGE OF PRE-OWNED CARAVANS

Here at Wandahome, we pride ourselves on the excellent variety and quality of our pre-owned range of caravans. Due to the sales we make at National Exhibitions, we generate fabulous pre-owned caravans from all over the UK, many of which are less than 2 years old and offer massive savings compared with purchasing the equivalent new model.

Below is a small selection of the pre-owned caravans we have on offer and you can view our full range of pre-owned stock, including full colour photographs, by visiting our website .

## FANTASTIC REDUCTIONS ON THE LAST OF OUR 2011 ELDDIS SPECIAL EDITION CARAVANS

With host of additional equipment specification the Elddis Rambler, built exclusively for Wandahome Knottingley, offers our customers a caravan of refinement, style and great value for money.

We don't have many of these caravans left for the 2011 season and with massive savings to be had the few remaining models won't be around for long. So why not give us a call or visit our showroom to see for yourself just what great value our 2011 Rambler provides.

Wandahome introduced new to the market in 2011 the Elddis Wisp; another exclusive from our Company.

Based on the Elddis Xplore range we provide just 3 of the most popular models with the 11/2 (302), 12/4 (304) and 18/4 (540). You will find an array of extra features on the Wisp and you can view full details of both the Wisp and Rambler by visiting our website at:
